Summary of Legislation

This bill, adopted by the Transportation Legislation Review Committee, repeals certain transportation and energy-related reports required to be submitted by the Departments of Public Health and Environment, Transportation, and Revenue to various committees of the General Assembly, including the House and Senate Transportation Committees, the Capital Development Committee, and the Transportation Legislation Review Committee.

The bill takes effect August 7, 2012, if the General Assembly adjourns on May 9, 2012, as scheduled, and no referendum petition is filed.

State Expenditures

By eliminating certain reporting requirements, the bill will reduce staff workload for the Departments of Public Health and Environment, Transportation, and Revenue. However, the reduction in workload is minimal and will not require an adjustment in appropriations for any state agency.
