~~(12) Notwithstanding the establishment of the public benefits charge as a means of defraying the cost of low-income energy assistance programs in Colorado, the general assembly believes it prudent to separately evaluate the effects of natural gas supplier choice on the low-income population. The private party conducting the study shall give natural gas utilities and suppliers, natural gas customers, the public utilities commission, and other interested parties an opportunity to comment on the results of the study once completed. The Colorado energy assistance foundation shall report the results of the study, together with any recommendations to alleviate any adverse impacts on natural gas supplier choice on Colorado's low-income population, to the general assembly on or before the date that is two years following the implementation of the first natural gas supplier choice program by a natural gas utility to affect a significant number of low-income households.~~

SECTION 2. Repeal. 40-17-104 (3), Colorado Revised Statutes, is repealed as follows:

SECTION 3. Effective date. This act shall take effect at 12:01 a.m. on the day following the expiration of the ninety-day period after final adjournment of the general assembly that is allowed for submitting a

referendum petition pursuant to article V, section 1 (3) of the state constitution; except that, if a referendum petition is filed against this act or an item, section, or part of this act within such period, then the act, item, section, or part, if approved by the people, shall take effect on the date of the official declaration of the vote thereon by proclamation of the governor.
