(aka Employment Restrictions for State Contracts.)

Submission of Revised Proposal:

In response to the Review and Comment memo and the related Hearing held on March 25, 2004, we resubmit the proposal as shown below. All changes are in direct response to and do not extend beyond comments from legislative staff.

Proposed initiative measure 2003-2004 #109 State of Colorado Protection of American Workers

 Be it Enacted by the People of the State of Colorado:

Article XVIII of the constitution of the state of Colorado is amended BY THE ADDITION OF A NEW SECTION to read:

Section 15. Protection of American Workers

(1) The people of the state of Colorado hereby find and declare that state funds should be used to employ people permanently residing in the United States and to prevent the loss of jobs to foreign countries and temporary foreign workers with non-immigrant visas.

(2) Every state contract for the performance of services shall contain provisions that specify that only citizens of the United States and permanent legal resident aliens in the United States shall be employed in performance of services under the contract or any subcontract awarded under the contract.

 Please advise when we can submit our proposal to the Secretary of State. We appreciate the help you have all provided during this process.

Thank you,
