Shall there be an amendment to the Colorado Constitution that, in recognition of the fact that the Court filing fees have not been raised since 1995 and are currently among the lowest in the nation, and in order to provide assistance with the current budget crisis, increase the number of court personnel assisting our citizens, improve services and provide more prompt access to the courts, help ensure public safety continues for Colorado citizens and requiring users of the Courts to pay a fairer share of the costs, all Court filing fees shall be doubled, with the increase in fees to be utilized solely by the State Judicial department?
