Summary of Amendments Made to the Bill After the 04/16/07 Legislative Council Staff Revised Fiscal Note was Prepared (Amended by the House on second reading 04/17/07)

The House second reading amendment expanded the options available to the executive director of the Department of Personnel when purchasing vehicles to include hybrid vehicles in addition to flexible fuel vehicles. Since the fiscal impacts of the bill are driven by the provisions related to regulating storage tanks and developing the distributed generation energy incentives, the second reading amendment did not change the fiscal impact of the bill.
