real estate (division) rather than the department of agriculture and the department of natural resources. Requires the appraisal to be submitted within a specified time with an affidavit containing specified information relating to the appraisal, the appraiser, and the easement being appraised.

Authorizes the board of real estate appraisers (board) to investigate the activities of any appraiser who submits an appraisal, and requires the board to conduct the investigation upon receiving a written complaint from any person. If the board determines that a material violation has occurred, requires the board to notify the department of revenue (DOR). Requires the division to maintain the information in an electronic database. Authorizes the division to share the information with the DOR. Specifies that the division shall deny an open records request to inspect the information until such time as the division files a notice of charges related to the information. Allows the division to require the correction of an appraisal in specified circumstances and to notify the DOR regarding the appraisal.

Provides the board with the authority to take disciplinary action against appraisers who do not meet specified requirements relating to appraisals of conservation easements. Authorizes the board to establish classroom education and experience requirements for an appraiser who prepares an appraisal for a conservation easement for which a tax credit is claimed. Creates a fee to be charged for each appraisal submitted to the division to provide for the costs of administering the additional requirements.

Creates the conservation easement oversight commission (commission). Specifies the membership of the commission and the terms of certain members of the commission. Requires the commission to establish a conflict of interest policy for members of the commission. Requires the commission to review conservation easement transactions at the request of the division and to advise the division and the DOR regarding conservation easement transactions for which a tax credit is claimed.

Requires the division to establish and administer a certification program for organizations that hold conservation easements for which tax credits are claimed. Requires the commission to review each application for certification and provide a recommendation for approval to the division. Specifies criteria for granting certification. Requires applicants to pay a fee to provide for the costs of the certification program. Authorizes the program to contain a provision allowing for the expedited or automatic certification of certain entities.

Requires the division to notify the applicants of the division's decision on certification. Allows the division to implement the certification program for land trusts during the first year of the program and for other entities in the 2nd year of the program. Allows future tax credits for conservation easements to be claimed only if the entity that

holds the easement has been certified by the program. Provides that the certification shall be effective for a specified time. Allows the division to revoke or suspend a certification upon making specified findings. Requires the division to maintain and update an online list of the status of entities that participate in the program.

Creates an exception from an existing requirement that the holder of a conservation easement have adequate resources to monitor its easements if the easement was granted to a local government that did not involve a charitable donation.

Specifies additional authority and responsibilities of the executive director of the DOR with respect to administering the allowance of tax credits for conservation easements. Authorizes the executive director to require such detailed information regarding a claim for a conservation easement credit as the executive director determines is necessary to carry out the DOR's functions relating to the credit. Expects the executive director from having to comply with an open records request to inspect information related to a credit.

Modifies existing provisions that allow the executive director of the DOR to require a 2nd appraisal for a conservation easement.

Extends the internal revenue code's tax basis limitation on qualified conservation contributions over property held for less than one year to state conservation tax credits.

Defines terms.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 finds, determines, and declares that:

4 (a) Colorado's conservation easement tax credit program was
5 designed to give landowners an incentive to preserve their land for
6 conservation and other values that would be eliminated or compromised
7 by development;

8 (b) Some promoters have abused the tax credit program to obtain
9 a financial benefit for themselves and their clients by submitting
10 easements that misrepresent a property's conservation or financial values.

11 (2) The general assembly determines that, pursuant to section 9 of
12 this act, it is appropriate for the legislative service agencies to conduct a

1 post-enactment review of this act two years after its enactment in
2 accordance with section 2-2-1201, C.R.S., and report their findings
3 relating to the implementation of this act to the general assembly. It is the
4 intent of the general assembly that desired results and benefits of this act
5 are as follows:

6 (a) To address abuses of the conservation easement tax credit
7 program while continuing to allow legitimate participants and the state of
8 Colorado to continue to benefit from the program;

9 (b) To have the division of real estate review appraisals of
10 conservation easements and affidavits of appraisers submitted to the
11 division and maintain the information in an electronic database;

12 (c) To have the division of real estate investigate the activities of
13 appraisers of conservation easements to ensure that the appraisers are
14 complying with the uniform standards of professional appraisal practice
15 and other requirements of law;

16 (d) To establish and administer a program to certify conservation
17 easement holders to identify fraudulent or unqualified organizations and
18 prevent them from holding conservation easements for which tax credits are
19 claimed in the state;

20 (e) To establish a conservation easement oversight commission to
21 advise the division of real estate and the department of revenue regarding
22 conservation easements for which a tax credit is claimed and to review
23 applications for conservation easement holder certification; and

24 (f) To ensure that the division of real estate and the department of
25 revenue are sharing relevant information concerning conservation
26 easement appraisals in order to ensure compliance with accepted
27 appraisal practices and other provisions of law.
