

## Reported Homicides and Homicide Clearances in Colorado

Year	Number of Homicides	Number Homicides Cleared*	Percentage of Homicides Cleared
2001	143	111	77.6%
2000	132	83	62.9%
1999	187	140	74.9%
1998	178	131	73.6%
1997	176	106	60.2%

The above clearance rate is provided only for those agencies that reported a homicide during that specific calendar year. If an agency did not report a homicide, but did report a homicide clearance, these statistics were not available so they have not been included.

\*The above number of cleared homicides has not been verified by the local Colorado law enforcement agencies. Therefore, the total number of clearances for each agency must be obtained from the local law enforcement agency.
