

Executive Summary: Continuity of Operations Plan (COOP)

The Continuity of Operations Plan addresses the logical flow of events to respond to major disruptions in essential functions, mission critical services, and technology infrastructure. Specifically, each legislative agency (Legislative Council Staff, Office of Legislative Legal Services, Joint Budget Committee Staff, Office of the State Auditor, Legislative Information Services, the House, and the Senate) has a plan to address the events to:

- Continue or resume time-sensitive operations of the essential functions identified by the agency, including the identification of minimum staffing requirements needed to perform those essential functions.
- Activate the resumption and support of the essential functions, including the documentation of the agency's chain of command structure and the identification of the decision makers and the positions that will perform the work needed to resume the necessary work operations.
- Identify the responsibilities of the key staff members assigned to perform the essential functions and the steps necessary to progress towards resumption of the normal business operations of the agency.
- Describe how the agency will communicate and coordinate with its staff members through the use of agency-specific emergency contact lists and telephone call trees. In addition, the members of the Legislative Management Team will utilize their established procedure for communicating with each other in order to share information between the legislative service agencies and the House and the Senate.
- Achieve each of the above objectives in a timely, efficient, and cost-effective manner.
- Return to a permanent operating environment.
