## Clinical Excellence

The **University of Colorado Cancer Center** is the only National Cancer Institute – designated Comprehensive Cancer Center in the Rocky Mountain region. Our cancer outcomes are consistently above state averages (up to 30% higher) and are often in the top 10 outcomes among nationally ranked academic hospitals.

One of the most-honored and busiest solid organ **transplant services** in the country, physicians at the University of Colorado Hospital were pioneers in transplants and our survival rates are some of the best in the nation.

Designated as a **Primary Stroke Center**, our **stroke program** is ranked among the top 5% in the U.S. by Healthgrades and the Centers for Medicare and Medicaid Services.

UCH has the only **adult burn center** in Colorado verified by the American Burn Association and the American College of Surgeons.

University of Colorado Hospital has **"Magnet"** status designation for excellence in nursing from the American Nurses Credentialing Center. Our nurses are the best educated in the state. The low patient-to-nurse ratio positively impacts patient care.

The Department of Ophthalmology was ranked as one of the **Top 10 Best Clinical (Patient Care) Programs** in a recent *Ophthalmology Times* survey.

As the Rocky Mountain region's only academic hospital, the University of Colorado Hospital has access to the latest in health and medical research and technology, ensuring the highest quality care in a wide range of medical specialties.

Our partner, the University of Colorado Denver School of Medicine, is the region's primary medical school, and one of the nation's best. *U.S. News and World Report* ranks it as one of the top research institutions in the nation.

## Cutting Edge Research

University of Colorado Hospital ranks among the best

Year after year, UCH and its physicians, nurses and researchers are nationally recognized.

From research bench to bedside - bringing advanced science closer to the patient.

## State-of-the-Art Facilities and Programs

The Anschutz Medical Campus is truly a medical city offering unsurpassed health services in a beautiful, comforting, contemporary setting. Our facilities focus on the needs of the patient – including healing gardens, private rooms, customized menus and family-centered amenities.

- Anschutz Inpatient Pavilion (1)
- Anschutz Outpatient Pavilion (2)
- Anschutz Cancer Pavilion (3)
- Rocky Mountain Lion's Eye Institute (4)
- CoDAR – Center for Dependency, Addiction and Rehabilitation (5)
- Executive Pavilion Suites and Executive Health Program (6)

All in close proximity on the Anschutz Medical Campus
