Amendments/Appropriation Status

The bill includes an appropriation clause that appropriates \$351,537 to the Office of Information Technology from the Broadband Inventory Fund for FY 2008-09, and restricts the appropriation to include no more than \$100,000 in grants from the Local Government Mineral Impact Fund. Staff has prepared amendment **J.001** (attached) to change the amount of the appropriation to \$331,537, in accordance with the Legislative Council Staff Fiscal Note dated February 9, 2009. This amendment also makes a technical correction to specify the applicable department in the appropriations clause.
