Show Details

Theresa,

Here is a brief overview of the warranty.

This program delivers extended warranty service on any brand of television (excluding Plasma televisions). Coverage begins the first day after your manufacturer's warranty expires. Onsite service is provided. Expect 3 to 5 business days for repair. Customer support is available 24 hours a day, 7 days a week.

Your television is covered for 4 years effective the first day after the manufacturer's warranty expires. Service will be provided onsite. If shipment of your product is required for a repair, you will be reimbursed for all incurred shipping expenses. Advanced technical support is available on every failure call. Under the agreement's Lemon Policy, customers may experience four documented failures on the same component and receive a new replacement product.

Customer support is available 24 hours a day, 7 days per week, 365 days per year. The average turnaround time on repairs is 3-5 business days, depending upon part availability.

Sincerely,

**Jason Krage**
