Dear Members of the House State, Veterans, and Military Affairs Committee:

Pursuant to House Rule 50 (a) and Senate Rule 42 (a), the Capital Development Committee (CDC) may review and make advisory recommendations on legislation that concerns capital construction, controlled maintenance, or proposals to acquire capital assets.

On May 11, 2010, the CDC reviewed Senate Bill 10-207, which authorizes the state to enter into lease-purchase agreements to finance capital construction projects proposed by the Governor's Energy Office in order to improve the energy efficiency of state facilities. The bill is pending before the House State, Veterans, and Military Affairs Committee. *The CDC favorably recommends the bill to the House State, Veterans, and Military Affairs Committee.*

If you have any questions or concerns about the CDC's recommendation, please call Kori Donaldson, Legislative Council Staff, at 303-866-4976.

Sincerely,

A handwritten signature in cursive script that reads "Bob Bacon".
