and it applied to qualified investments made in 2010. The creation of the tax credit was contingent on the office transferring sufficient moneys to backfill lost income tax revenue and to pay for the administration of the tax credit.

The bill makes the following changes related to the tax credit:

- ! A limited amount of tax credits are available in 2011;
- ! The amount of tax credits available in 2011 may increase and tax credits may be available in future years if there is additional funding to backfill lost income tax revenue and to pay for the office's administration of the tax credit;
- ! The state treasurer must transfer a portion of the additional funding to the general fund to backfill lost income tax revenue related to the tax credit;
- ! If such additional funding is available, the office must provide notice on its web site of the amount of the additional tax credits that are available;
- ! The requirement that a qualified small business has at least 2 nonadministrative, full-time equivalent employees who are residents of the state is eliminated;
- ! The operation requirement for a qualified small business is modified so that only times of active operation are considered when determining eligibility;
- ! The deadline for submitting an application for a tax credit is extended by 60 days;
- ! The cap on the tax credit is clarified to apply only per investment, as opposed to per taxpayer; and
- ! The deadline for the office to provide the department of revenue an electronic report relating to the tax credit is extended by 3 months.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 hereby finds, determines, and declares that:

4 (a) Job creation is the number one priority for the state of
5 Colorado;

6 (b) Job creation programs are most effective when there is a
7 strong and innovative public-private partnership;

8 (c) In 2010, the Colorado innovation investment tax credit

1 program proved to be an effective economic development tool that has
2 leveraged private-sector investments to help more than twenty start-up
3 businesses throughout Colorado to access seed capital; and

4 (d) Access to this seed capital allowed these businesses to create
5 jobs.

6 (2) Now, therefore, it is the purpose of House Bill 11-1045,
7 enacted in 2011, to continue, improve, and expand the Colorado
8 innovation investment tax credit program and create the framework for
9 future expansion of the program contingent on additional moneys being
10 available to backfill lost income tax revenue and to pay related
11 administrative expenses.

13 ~~innovation investment~~ tax credit misrepresented information on the
14 application, the office shall immediately notify the department of revenue
15 and provide the department of revenue all information that relates to that
16 applicant. If the department of revenue determines that there has been a
17 misrepresentation on the application, the department of revenue shall
18 deny the tax credit if the misrepresentation relates to whether the
19 applicant was a qualified investor or made a qualified investment. If the
20 misrepresentation relates to whether the investment was made to a
21 qualified small business, the department of revenue shall deny the tax
22 credit only if the applicant knew or should have known at any time before
23 the certification that the representation was false.

24 (6) (a) There is hereby created in the state treasury the Colorado
25 innovation investment tax credit cash fund ~~referred to in this subsection~~

9 as provided by law. All interest and income derived from the investment
10 and deposit of moneys in the fund shall be credited to the fund. Except
11 as otherwise set forth in paragraph (b) of this subsection (6), any
