Re: "Flight For Life" Proposed Group Special License Plate

Dear Ms. Mayer:

Your application for the proposal to create the "Flight For Life Colorado" (a registered trade name of Catholic Health Initiatives Colorado) group special license plate has been reviewed and determined to comply with the requirements of 42-3-207, Colorado Revised Statutes, and the Code of Colorado Regulations 1 CCR 204-10 Rule 16. Group Special License Plates. As the applicant for the "Flight For Life Colorado" license plate, you have the sole responsibility to obtain a bill sponsor. The Department does not assist applicants in obtaining sponsors for group special license plates. This written notification should be presented to any state legislator you are coordinating plate creation efforts with as proof of meeting the minimum statutory requirements and review by the Department.

Although the "Flight For Life Colorado" license plate application has been reviewed and has been determined to comply with the statutory requirement for the proposal to create this plate, you may still want to continue collecting names of individuals interested in obtaining it. If the Colorado General Assembly approves the initial production, a supply of plates will be provided to county motor vehicle offices based on a percentage of the total number of names collected.

The Division of Motor Vehicles, Title and Registration Sections Public Relations Manager, Kyle Boyd, will be your contact through the rest of the process. Please understand that he has no authority regarding passage of the legislation or obtaining a bill sponsor. Kyle can assist you, however, with questions and concerns you may have.

Should you have any questions or concerns feel free to contact Kyle Boyd at (303) 205-8353.

Sincerely,

A handwritten signature in blue ink that reads "Barbara Brohl".

Barbara Brohl
Executive Director
