

University of Colorado Two-Year List Modification Request

This request would modify the current Two-Year Cash Lists by adding the following:

CU Boulder – Add four controlled maintenance projects that exceed the \$2 million threshold. These projects include:

- o Folsom Stadium Scoreboard Replacement (NOTE: this replaces the previous north scoreboard replacement project)
- o Williams Village Towers Bathroom Replacement
- o Stearns Hall Fan Coil Unit Upgrade and Replacement Project
- o Utilities Services Annual Maintenance

CU Colorado Springs

- o Student Housing Dormitory (Summit Village Expansion) – the costs have increased on this project from \$15M to \$17.5M due to soils issues, and greater than anticipated drainage control concerns impacting building placement
