(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. The current unemployment insurance premium rate for new employers is 0.0170. In legislation enacted in 2011 (House Bill 11-1088), once solvency in the unemployment insurance fund is achieved, the rate for new employers would increase. This bill eliminates this rate increase and keeps the rate at 0.0170 after solvency in the unemployment
