D2012-010  
EXECUTIVE ORDER  
PROCLAMATION  
CALL FOR THE FIRST EXTRAORDINARY SESSION  
OF THE SIXTY-EIGHTH GENERAL ASSEMBLY

Pursuant to the authority vested in the Governor of the State of Colorado, and in particular, pursuant to powers vested in the Governor pursuant to article IV, section 9 of the Colorado Constitution, and as recognized in article V, section 7, I, John W. Hickenlooper, Governor of the State of Colorado, hereby find that the following extraordinary occasions exist to convene the Sixty-Eighth General assembly to meet in special session.

I. Background

Each year, in order to deal with the business of the people of Colorado, the Colorado General Assembly considers legislation. This year Colorado House of Representatives leadership announced a lack of time to address historic calendared legislation that had passed to the floor. The Colorado House did not consider a number of calendared pieces of legislation scheduled for second reading on the eve of adjournment of the Sixty-Eighth General Assembly. The Colorado House also failed to hold a full floor debate and vote on the merits of Senate Bill 12-002 (commonly known as the "Civil Unions bill") as well as 29 other pieces of legislation.

Much of this legislation had significant bipartisan support and addressed subject matter of significance to the people of Colorado and the effective, efficient operation of state government. The ramifications of the General Assembly's inability to take up the business of the people will negatively impact the State of Colorado and hamper its ability to serve its people. These extraordinary circumstances require a special session of the General Assembly.

There was good legislation that did not pass out of the General Assembly for one reason or another during the recently-concluded session. We are limiting the agenda for this special session, however, to the subject matters of legislation that i) died on the Colorado House calendar on May 8, 2012 for lack of a full debate and vote on second reading, ii) clearly had bipartisan support in the legislature, and iii) advance good government and economic development, public safety, or other important policy objectives.

This proclamation does not prescribe the specific form that the legislation should take; rather, it defines the appropriate subject matter for legislative consideration. The following section describes the purpose and need for the special session.

II. Purpose and Need

A. Water Projects

Water projects are critical to Colorado, especially as we face historic drought. The Colorado Water Conservation Board Construction Fund consists of moneys appropriated by the General Assembly and funds important water projects, programs, studies, and litigation expenses. We believe the General Assembly should consider taking action to fund the following projects, programs, studies, and litigation expenses at the suggested amounts:

- 1 • \$300,000 for satellite monitoring system maintenance;
- 2 • \$175,000 for continuation of the weather modification program;
- 3 • \$500,000 for continuation of the Colorado floodplain map
- 4 modernization program;
- 5 • \$500,000 for continuation of the watershed restoration program;
- 6 • \$300,000 to restore the flood response fund balance;
- 7 • \$1,000,000 for continuation of the phreatophyte control cost-sharing
- 8 program;
- 9 • \$2,000,000 for continuation of the Colorado River water availability
- 10 study;
- 11 • \$500,000 to begin implementation of the South Platte groundwater data
- 12 collection and analysis project;
- 13 • \$1,000,000 for continuation of the alternative agriculture water transfer
- 14 sustainability grant program;
- 15 • \$5,000,000 for the planning and implementation of the Rio Grande
- 16 cooperative project;
- 17 • \$5,000,000 for implementation of the Chatfield reservoir reallocation
- 18 project;
- 19 • \$12,000,000 for the third and final installment of the purchase of
- 20 Colorado's allotment of Animas-LaPlata Project water pursuant to
- 21 House Bill 10-1250, enacted in 2010; and
- 22 • \$300,000 to provide legal support and funding for litigation involving
- 23 protests of individual water rights that the Colorado State Engineer has
- 24 placed on the abandonment list.
- 25 • \$75,857 for DWR to continue management of national hydrograph
- 26 dataset and GIS analysis.
- 27

28 The General Assembly should consider taking legislative action to repurpose  
29 the flood response program to include drought preparedness and response, and  
30 rename the "Flood Response Fund" as the "Flood and Drought Response Fund".

31  
32 The General Assembly should consider taking legislative action to transfer from  
33 the perpetual base account of the severance tax trust fund to the Colorado Water  
34 Conservation Board Construction Fund the following:

- 35
- 36 • \$30,000,000 for the Rio Grande cooperative project, including
- 37 improvements associated with the Beaver Park reservoir and the Rio
- 38 Grande reservoir; and
- 39 • \$13,000,000 for the implementation of the Chatfield reservoir
- 40 reallocation project.
- 41

42 The General Assembly should consider taking legislative action to change the  
43 Water Supply Reserve Account to the Water Supply Reserve Fund.

44  
45 The General Assembly should consider taking legislative action to authorize the  
46 Colorado State Engineer to receive and expend contributions from the Colorado  
47 Water Conservation Board for use in discharging the State Engineer's duties.

#### 48 49 B. Driving Under the Influence of Drugs

50  
51 The State of Colorado has an interest in helping keep its people safe. Many  
52 lives are at risk when drivers are under the influence of controlled substances.  
53 Current law specific that a driver whose blood alcohol content is 0.08 percent  
54 or greater while driving or within two hours of driving can be charged with  
55 Driving Under the Influence (DUI) *per se* in addition to driving under the  
56 influence. There is no corresponding DUI *per se* for drivers accused of driving

1 under the influence of drugs. Colorado should enact a law that holds drivers  
2 under the influence of marijuana, or any other controlled substance, to the same  
3 standards as those applied to drivers under the influence of alcohol.

4  
5 We believe, therefore, that the general assembly should consider taking  
6 appropriate legislative action to enact a law that holds drivers under the  
7 influence of drugs to a DUI *per se* standard.

8  
9 C. Civil Unions

10  
11 We believe that it is in the public interest of the State of Colorado to provide  
12 any two adult persons with the opportunity to enter into a civil union. Civil  
13 union is not marriage. Many couples living in Colorado have publicly  
14 expressed a desire to enter into civil unions that would afford them critical legal  
15 benefits, protections and responsibilities that the state grants to other couples.

16  
17  
18 We believe, therefore, that the General Assembly should consider taking  
19 appropriate legislative action to define and establish a statutory framework for  
20 civil unions between two adults regardless of their gender and to provide  
21 benefits, rights and protections in State law that will enable them to take care  
22 of each other and their families.

23  
24 D. Unemployment Insurance (UI) Program

25  
26 Currently, the Colorado Housing and Finance Authority is authorized to issue  
27 unemployment revenue bonds for the Unemployment Insurance Compensation  
28 Fund (Fund). We have borrowed money from the federal government to ensure  
29 that the Fund is solvent and the State should take advantage of new, less  
30 expensive financing opportunities that may evaporate before the next regular  
31 session. Colorado law should establish a bond payment structure that allows  
32 Colorado employers to receive positive recognition in the calculation of  
33 unemployment insurance premium payments for bond repayment in the event  
34 that such bonds are issued. Such changes will allow employers making UI  
35 payments to see advantages in their UI experience ratings, which favorably  
36 impacts the level of UI premium payments. Additionally, prudent management  
37 of the Fund is in the best interest of employers and employees. The use of  
38 financial tools like bond financing should be used to address the current deficit  
39 of the unemployment compensation fund and to produce savings for Colorado  
40 businesses.

41  
42 We believe, therefore, that the General Assembly should consider taking  
43 appropriate legislative action to enact a law that will allow employers making  
44 UI premium payments to receive commensurate benefit to their UI experience  
45 ratings.

46  
47 E. Benefit Corporations

48  
49 One of our primary focuses is growing Colorado's economy, creating quality  
50 jobs and providing sustainable employment for all workers. Current law only  
51 directs Colorado corporations to maximize shareholder value. We believe  
52 Colorado law should establish a new and separate status of incorporation that  
53 includes ideals such as social responsibility and environmental awareness in the  
54 fabric of a business enterprise. By providing entrepreneurs and venture  
55 capitalists with innovative options for organizing business enterprises, we can  
56 attract new businesses to Colorado and keep Colorado competitive with other

1 states that allow benefit corporations. This new class of corporation will have  
2 to meet higher standards of accountability and transparency and it will be  
3 required to create and report on its material positive impacts on society and the  
4 environment.

5

6 We believe, therefore, that the General Assembly should look to the benefit  
7 corporation statutes adopted in states such as California, Maryland, New Jersey,  
8 New York, and Virginia and draft a benefit corporation law that will allow for  
9 the formation of Colorado benefit corporations.

10

#### 11 F. Special Mobile Machinery Fleets

12

13 Current Colorado law regarding registration of Special Mobile Machinery  
14 (SMM) is burdensome on the business community and on county clerks who  
15 process those requests. Under current law, out-of-state SMM that operate in  
16 Colorado for less than one month per year can pay specific ownership tax and  
17 registration fees at a port of entry operated by the Department of Revenue. All  
18 other transactions including registration tax issues and license plate processing  
19 are processed at the county clerk and recorder offices. In addition, rental fleet  
20 owners can register vehicles individually through the "two percent program,"  
21 whereby owners can remit monthly payments of two percent of their rental  
22 income fees proportional to the counties where the equipment is used. The  
23 process should be simplified. Owners of 10 or more pieces of SMM should be  
24 able to register their entire fleet once per year. Additionally, we believe that it  
25 is appropriate to allow more flexibility surrounding the requirements for special  
26 plate, stickers, certificates, and SMM vehicle registration taxes and fees.

27

28 We believe, therefore, that the General Assembly should consider taking  
29 appropriate legislative action to enact laws that streamline the registration  
30 process for SMM vehicles.

31

#### 32 G. Repeal of Unconstitutional Provisions

33

34 The people's faith in government is enhanced when the fundamental principles  
35 of government are enshrined in a constitution that is accessible and accurately  
36 reflects the current law. The Colorado Constitution contains provisions that are  
37 obsolete due to court decisions that have found certain provisions unlawful and  
38 unenforceable because they are in conflict with provisions of the U.S.  
39 constitution. It is good government to clear up any ambiguities created by the  
40 continued inclusion in the Colorado Constitution of language that is no longer  
41 valid by amending the Colorado Constitution to remove such language. The  
42 Colorado Constitution can be amended only by a vote of the registered electors  
43 of the State of Colorado.

44

45 We believe, therefore, that the General Assembly should consider repeal of  
46 certain campaign finance provisions in Article XXVIII of the state constitution  
47 resulting from the decisions in the cases of *in re Interrogatories by Ritter*, 227  
48 P.3d 892 (Colo. 2010) and *Dallman v. Ritter*, 225 P.3d 610 (Colo. 2010) and  
49 certain Bill of Rights provisions in Article II of the Colorado Constitution  
50 resulting from the decisions in the case of *Evans v. Romer*, 882 P.2d 1335  
51 (Colo. 1994), *aff'd*, 517 U.S. 620 (1996) by submitting appropriate amendments  
52 to the Colorado Constitution to the registered electors of the State of Colorado  
53 for their approval or rejection at the next election at which such question may  
54 be submitted.

**REPORT(S) OF COMMITTEE(S) OF REFERENCE****APPROPRIATIONS**

After consideration on the merits, the Committee recommends the following:

**HB12S-1005** be amended as follows, and as so amended, be referred to the Committee of the Whole with favorable recommendation:

Amend printed bill, page 21, after line 1 insert:

**"SECTION 22. Appropriation.** (1) In addition to any other appropriation, there is hereby appropriated, out of any moneys in the general fund not otherwise appropriated, to the judicial department, for the fiscal year beginning July 1, 2012, the sum of \$12,000 so much thereof as may be necessary, for allocation to the office of the state public defender for mandated costs related to the implementation of this act.

(2) In addition to any other appropriation, there is hereby appropriated, out of any moneys in the licensing services cash fund created in section 42-2-114.5 (1), Colorado Revised Statutes, not otherwise appropriated, to the department of revenue, for the fiscal year beginning July 1, 2012, the sum of \$16,280, or so much thereof as may be necessary, to be allocated to the information technology division for the purchase of computer center services related to the implementation of this act.

(3) In addition to any other appropriation, there is hereby appropriated to the governor - lieutenant governor - state planning and budgeting, for the fiscal year beginning July 1, 2012, the sum of \$16,280, or so much thereof as may be necessary, for allocation to the office of information technology, for the provision of computer center services for the department of revenue related to the implementation of this act. Said sum is from reappropriated funds received from the department of revenue out of the appropriation made in subsection (2) of this section."

Renumber succeeding section accordingly.

Page 1, line 102, strike "DRUGS." and substitute "DRUGS, AND, IN CONNECTION THEREWITH, MAKING AN APPROPRIATION."

On motion of Representative B. Gardner, the House resolved itself into Committee of the Whole for consideration of General Orders, and he was called to the Chair to act as Chairman.

**GENERAL ORDERS--SECOND READING OF BILL**

The Committee of the Whole having risen, the Chairman reported the title of the following bill had been read (reading at length had been dispensed with by unanimous consent), the bill considered and action taken thereon as follows:

(Amendments to the committee amendment are to the printed committee report which was printed and placed in the members' bill file.)

1 **HB12S-1005** by Representative(s) Waller and Fields; also Senator(s)  
 2 King S.--Concerning the penalties for persons who drive  
 3 while under the influence of alcohol or drugs.
