

Since the U.S. Supreme Court has held that 42 U.S.C. §1983 does not create a cause of action for monetary damages against the state, this Court must dismiss with prejudice all of Plaintiff's claims for damages based on §1983.

- 2. Plaintiff's Claim for injunctive relief under 42 U.S.C. § 1983 must be dismissed as he has failed to allege that he is a member of a protected class.

It appears as though the Plaintiff is seeking injunctive relief pursuant to the Equal Protection Clause of the U.S. Constitution due to his alleged membership in a protected class, namely "multiracial." Mr. Walker states that his racial/ethnic background is "multiracial." (See Complaint, Section III, dated May 30, 1997.) Plaintiff's argument must fail as a "multiracial" background is not recognized as a protected class.

For the House Jud. Comm. ✓

By order dated March 30, 1994, in the case George Walker v. CU, U.S. District Court, Civil Action # 90-M-932, and 92-M-372, the Honorable Judge Richard P. Matsch ruled that Plaintiff is not a member of a legally protected group and that "multiracial" persons do not constitute a protected class. In that case the Plaintiff had sued the University because the University had hired former President Judith Albino and not the Plaintiff. In the case at bar, the Plaintiff is suing the University because it hired current President John Buechner as President and not the Plaintiff. In both cases the Plaintiff presented the same claim of race discrimination due to "multiracial" status (See Exhibit 2, Memorandum Opinion and Order, dated March 30, 1994). In the case of George Walker v. CU, U.S. District Court, Civil Action # 90-M-932, and 92-M-372, the Honorable Judge Matsch rejected multiracial persons as a protected class, "because it would be impracticable to apply and could be so self limiting that a particular person is the only identifiable member of the group." Therefore, as it has already been determined that Mr. Walker is not a member of a protected class, Mr. Walker is not entitled to injunctive relief because he cannot prove the elements of a § 1983 Equal Protection claim.

Dear Editor,

On several occasions, as a candidate for Governor, I've challenged Roy Romer to debate his non-existent "minority" affirmative action performance record. In effect he and fellow multi-millionaire running mate, Bruce Henson, only truly support affirmative action for rich Anglo males. For example, I filed

Dear Editor, 11-22-96

I attended the CU Regents meeting on Nov. 14, and was surprised and disappointed to witness the board's lack of approval of UCB's proposed B.A. degree in Women's Studies. After reviewing the supporting document entitled "Proposal for Bachelor of Arts Degree in Women's Studies", I think

Dear Editor,

The front page article of the Denver Post's Sunday Perspective Section (Nov 17, 1996) gave an interesting analysis of the switch of the major party's stronghold. Unfortunately, it appears Mr. Blumenthal was a little careless in his research on the 1896 election. In that contest between Republican

The key to realignment of political parties lies in demographics

Blumenthal possibly could have presented a shrewder analysis by drawing in a comparison and contrast of the locations of the strengths of the Populist Party of 1896 and the Reform Party of 1996. Although the Reform Party did not show the strength of the Populist Party, what they did do must be
