Resolution Summary

(Note: This summary applies to this resolution as introduced and does not reflect any amendments that may be subsequently adopted. If this resolution passes third reading in the house of introduction, a resolution summary that applies to the reengrossed version of this resolution will be available at <http://www.leg.state.co.us/billsummaries>.)

The concurrent resolution submits two questions concerning marijuana to the voters of the state at the statewide election to be held in November of 2013. If the voters approve the first question, the concurrent resolution will impose a state sales tax and a state excise tax on retail marijuana, legalized by section 16 of article XVIII of the state constitution, as follows:

Excise tax. Beginning January 1, 2014, the concurrent resolution will impose a tax on the first sale or transfer of unprocessed retail marijuana by a retail marijuana cultivation facility to a retail marijuana store, retail marijuana product manufacturing facility, or another retail marijuana cultivation facility. The amount of the tax is 15% of the average market rate of unprocessed retail marijuana statewide on the date that it is sold or transferred, as determined by the department of revenue, and the tax will be imposed when a retail marijuana cultivation facility sells or transfers unprocessed retail marijuana to a retail marijuana store, a retail marijuana product manufacturing facility, or another retail marijuana cultivation facility.

On or after January 1, 2014, the general assembly is authorized to

establish a tax rate that is lower than 15% of the average market rate by a bill enacted by the general assembly that becomes law. After establishing a tax rate that is lower than 15%, the general assembly may increase the rate by bill enacted by the general assembly and signed into law by the governor, so long as the rate does not exceed 15%. An increase in the rate does not require additional voter approval.

Sales tax. Beginning January 1, 2014, the concurrent resolution will impose a tax of 15% on the sale of retail marijuana or retail marijuana products to a consumer by a retail marijuana store. The tax to be imposed is in addition to the 2.9% state sales tax and any local government sales tax that is imposed on the sale of all property and services pursuant to current law.

On or after January 1, 2014, the general assembly is authorized to establish a rate that is lower than 15% by a bill enacted by the general assembly that becomes law. After establishing a tax rate that is lower than 15%, the general assembly may increase the rate by bill enacted by the general assembly and signed into law by the governor, so long as the rate does not exceed 15%. An increase in the rate does not require additional voter approval.

If the voters approve the first question, the state will be allowed to collect and spend any revenues generated by the retail marijuana excise and sales taxes as voter-approved revenue changes.

If the voters do not approve the first question to impose a state sales tax and a state excise tax on retail marijuana and the voters approve the second question, the concurrent resolution will suspend all provisions of section 16 of article XVIII of the state constitution relating to the regulation of marijuana until such time as voters approve the imposition of new state taxes or increases in state tax rates sufficient to fund the estimated costs of state regulation of marijuana.
