2014 License Plate Bills

- SB 14-132 Fallen Soldier License Plate Combat Zone – Effective January 1, 2015
 - Removes the “deployed in a combat zone” from the qualifications to be issued a Fallen Servicemembers military special license plate

2014 License Plate Bills

- SB 14-194 DMV Budget Modernization – Effective July 1, 2014
 - Removes annual fund balance sweep language from the License Plate Cash Fund, 42-3-301, C.R.S., keeping the balance in the fund

Print on Demand

- Print on Demand (POD) is a process that allows for certain license plates to be printed upon customer request/demand instead of having inventory sitting on county shelves
 - Frees up money in the License Plate Cash Fund, C.R.S. 42-3-301, to be used for high demand high volume license plates (i.e., green and white passenger)
 - Coordinated effort between the Department, County Clerk and Recorder's, Department of Corrections Correctional Industries and the Governor's Office of Information Technology
 - Estimated annual savings of \$890,000 due to POD
 - Initially, greater savings will be realized because the Department has recovered POD plates from the counties to use in the POD process, this will utilize a plate that has already been paid for instead of having to print a new plate
 - Plates setup as POD include Group Special, Alumni, Military and other low demand plates
 - POD plates represent 13.25% of annual issued license plates and 17.32% of vehicles registered with those plates

Taxes and Fees

- Taxes and fees are assessed based on:

Vehicle Type
& Model Year

Tax Class

Weight

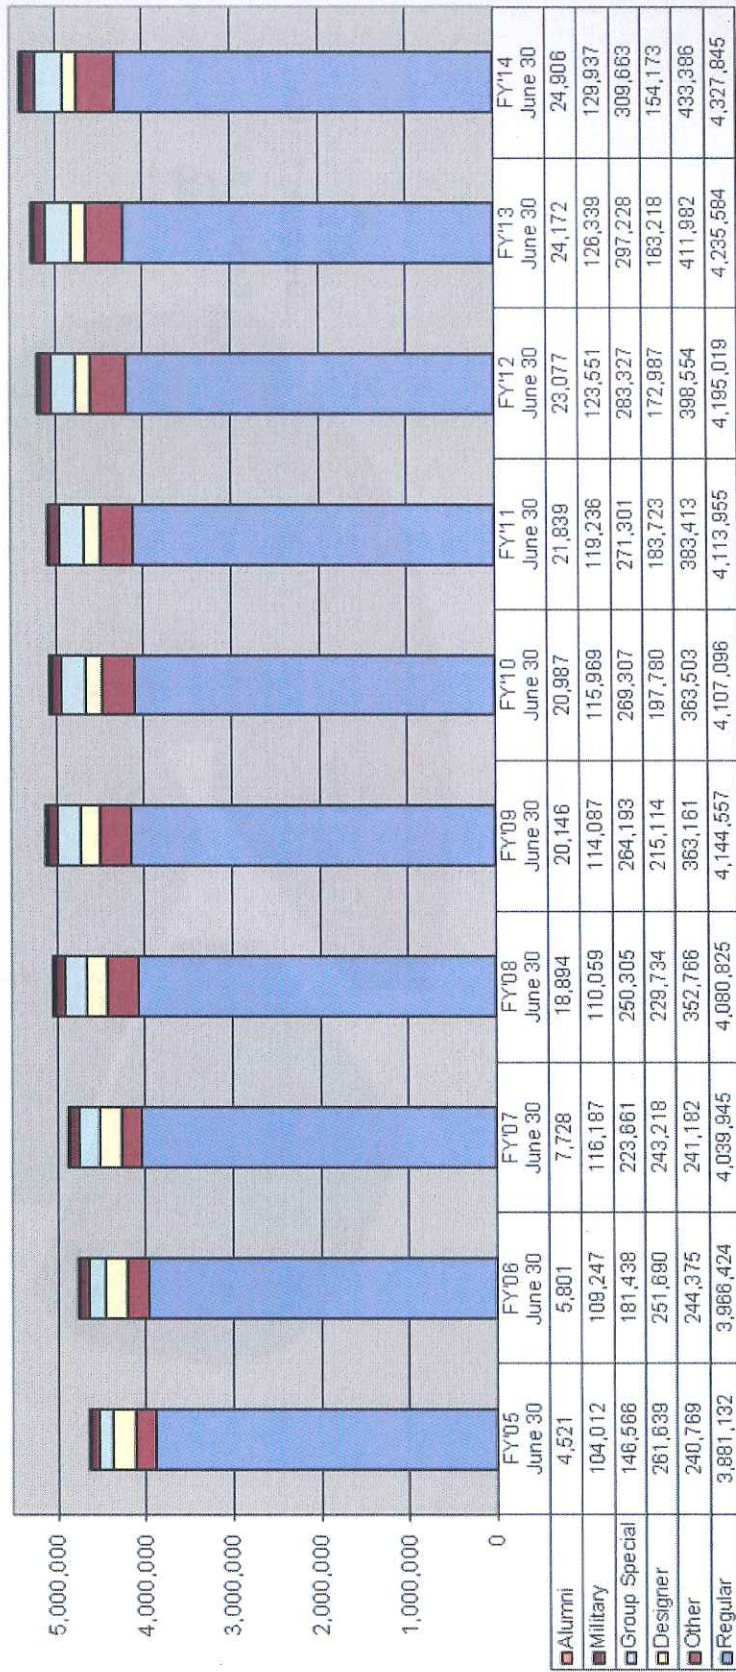

Registration
County

- Regardless of the license plate type, the normal taxes and fees remain the same based on these factors
- These normal fees apply to all situations to include issuance, renewal, replacement, transfer, change registration, etc.

Plate Types – Year Comparison

Colorado License Plate Types (Year over Year)

Military – Taxes and Fees

- Unlike Group Special, Alumni, and Designer, Military license plate statutes permit for exemptions in certain situations of either both or one of the \$25.00 HUTF and \$25.00 LSCF one-time issuance and replacement specialty plate fees
- This creates three different specialty plate fee structures for military license plates
- The following slides will demonstrate these three different fee structures as they apply to military license plates
- No military license plate has an annual or renewal specialty plate fee assessed on them

Military License Plates (10)

- First plate per applicant is waived all taxes and fees to include HUTF and LSCF fees

License Plate Fact Sheet

When approached by a constituent requesting the creation of a Special License Plate there is one question you need to ask to determine the next steps. What type of organization is the constituent representing? The reason this question is imperative is that there are three types of Special License Plates. The first is Distinctive Special License Plate, C.R.S. 42-1-102(24.5). A Distinctive Special License Plate is issued to a person because such person has an immutable characteristic or special achievement honor. Specifically the Distinctive Special License Plate is the Military plates. The second is Group Special License Plate (GSLP), C.R.S. 42-1-102(41.5). A GSLP is a Special License Plate that is not a Distinctive Plate and is issued to a group of people because such people have a common interest or affinity. The third Special License Plate is an Alumni License Plate. An Alumni License Plate can be issued to an institution of higher education that offers at least a bachelor degree in an educational program, and is accredited by a nationally recognized accrediting agency or association, C.R.S. 42-3-214.

If the individual is representing an organization that is not requesting a Distinctive Special License Plate there are basic requirements to begin the initiation of C.R.S. 42-3-207. First the organization is required to be a 501(c)3, second the organization needs to collect 3,000 signatures and finally, the organization needs to apply for a GSLP with the Department of Revenue and receive written notification from the Department that the group has complied with the requirements for a GSLP. Once these requirements are met a member of either the House or Senate can sponsor legislation to enact a GSLP for a specific organization.

If the individual is representing an organization that meets the definition of Distinctive Special License Plate, there are not statutory requirements like there are for GSLP (3,000 signatures, non-profit, etc.). A member of the House or Senate can sponsor legislation to enact this plate.

For Alumni License Plates, the basic requirements are for the alumni association to obtain the commitments from 500 persons to purchase the license plate, pursuant to C.R.S. 42-3-214(2)(a).

Currently there are 133 different plate types in Colorado. These plate types are broken down by Designer -1 (purple mountains), Regular -6 (standard green and white), Alumni -13 (as defined above), Group Special -35 (as defined above), Military -36 (as defined above), and other - 42 (fleet, PUC, SMM, etc.). There is a process to retire a GSLP that do not meet the minimum 3,000 registered vehicles, pursuant to CRS 42-3-207(II).

Taxes and fees are assessed based on the vehicle type and model year, tax class, weight, and registration County. Regardless of the license plate type, the normal taxes and fees remain the same based on these factors. These normal fees apply to all situations to include issuance, renewal, replacement, transfer, change registration, etc.
