Remember health does not
come from vaccinations

We All have different constitutions.

You are wasting Tax \$\$

Parents that don't vaccinate are
Already educated.

Study: children who have received no vaccines

Smith PJ, Christy, Barker ZE, Pediatrics 2004 114(1) 187-195

The average person that doesn't vaccinate

White - married - college degree - income
over \$75000

Study, 2011 - unvaccinated children are

healthier - 8000 unvaccinated children

v.s. vaccinated children (vaccinated children are

5 times more likely to contract a preventable

disease than children who develop their immune

system without vaccines
