

**Support HB15 – 1341
Representatives Conti and Fields
Increase in Penalty
For Child Pornography**

HB15 – 1341 Summary:

Currently, sexual exploitation of a child by possession of sexually exploitative material is a class 6 felony. The bill increases current class 6 felonies to class 5 felonies. The bill also changes the term "video tape" to "recording or broadcast of moving visual images".

Reasons for the Bill:

This bill would send a message to the public that children are being exploited. We would also be communicating to the judiciary branch that this is a serious issue and this would give judges "a bigger hammer" to tackle more serious cases, should they need it.

Protect Colorado's Children. Vote Yes on 1341.
