Location: 12 Dickinson Drive, Sandy Hook, CT

Description:

5.56 Rounds at scene  
5.56 Live Rounds Remaining= 147  
5.56 Casings =154  
5.56 Total on scene =301

Revised 11/04/13

- **Shooter**

Responding police officers found the shooter in classroom 10 northwest of the hallway entrance dead from a self-inflicted gunshot wound to the head. He was wearing a pale green pocket vest over a black polo style short sleeve shirt over a black t-shirt. He had yellow colored earplugs in each ear. He was wearing black cargo pocket pants, black socks, black sneakers, a black canvas belt and black fingerless gloves on each hand. He had an empty camouflage drop holster that was affixed to his right thigh.

After all of the victims were removed from the school, the shooter's body was removed once all firearms and ballistic evidence were recovered from his person. The body was moved to the OCME on December 15, 2012.

- **Weapons on Shooter and Ammunition in Classroom 10**

The weapons on the shooter together with a description of items seized related to the shooting are contained in the Appendix starting at page A136. On the shooter's person was a loaded semi-automatic Sig Sauer P226, 9 mm pistol and additional ammunition. Located near the shooter was a partially loaded Glock 20, 10 mm semi-automatic pistol that appeared to be jammed.

A Bushmaster Model XM15-E2S rifle was located some distance away from the shooter. The rifle's shoulder strap was attached in the front but disconnected at the butt of the rifle. The disconnected rear portion was the result of a failed nut attachment. It is unknown if the nut failed while the rifle was being used or as the result of being dropped or thrown to the floor.

The Bushmaster rifle was found with the safety in the "fire" position. There was one live 5.56 mm round in the chamber and one PMAG 30 magazine in the magazine well. The magazine contained fourteen live 5.56 mm rounds of ammunition. The rifle did not appear to have malfunctioned when observed by the WDMC van unit, but a CSP-ESU report described the weapon as appearing to have jammed. When tested later, the rifle functioned properly.

Two empty PMAG 30 magazines that were duct-taped together in a tactical configuration and one live 5.56 mm round were found near the rifle.

Officers found two-hundred-fifty-three live rounds on the shooter's body: one-hundred-sixteen 9 mm rounds, seventy-five rounds of 10 mm, sixty-one rounds of 5.56 mm and one 12 gauge shotgun shell. Officers also seized forty-six 5.56 mm live rounds. This consisted of fifteen from the rifle, one from the floor and thirty from the magazine under the body of the shooter, as well as thirteen 10 mm live rounds (nine from the Glock and four from the floor). There were forty-nine expended 5.56 mm casings seized and one 10 mm casing from classroom 10. Total live rounds seized were three-hundred-twelve and total expended casings seized from classroom 10 were fifty.
