

# Petition: Please give Senate Bill 177 a fair hearing in the state House!

*Petitions signed at: [www.Housing4CO.org](http://www.Housing4CO.org)*

**Colorado communities are facing serious housing challenges. Rents are skyrocketing—rising faster than San Francisco and New York—making the Front Range one of the most expensive places in the country to live. The dream of homeownership for many Coloradans may soon be unreachable.**

That's because a defect in state law has virtually halted the construction of affordable and attainable housing across Colorado. The condos that historically provided the most practical options for first-time homebuyers, as well as seniors looking to right-size their housing, are not being built because of the threat of time-consuming litigation.

**You can fix this defect in Colorado law by supporting Senate Bill 177 and ensuring that it receives a fair hearing in the Colorado House of Representatives.** The consumer protections in Senate Bill 177 will create a quick and fair resolution for homeowners who need repairs while protecting the rights of all homeowners in a community.

**Please support Senate Bill 177.**
