**Summary of Legislation**

Under current law, the courts are encouraged to consider certain factors when deciding whether to place a child with relatives following the termination of the parent-child legal relationship or when conducting a periodic review of a child's placement when in foster care. This bill requires that all the factors specified in statute be considered by the courts in these cases. The bill also updates the legislative declaration concerning placement stability for children in foster care.

**State Expenditures**

The bill will increase workload in the courts to review additional criteria when making placement decision concerning children in foster care. However, many of these factors are considered by the courts as part of current practice. Therefore, any additional workload is assumed to be minimal and no change in appropriations is required.

**Effective Date**

The bill was signed into law by the Governor and took effect on June 5, 2015.
