

Colorado Legislative Council Staff Fiscal Note

NO FISCAL IMPACT

Drafting Number: LLS 15-0796	Date: March 9, 2015
Prime Sponsor(s): Sen. Neville T.; Newell Rep. Tate; Tyler	Bill Status: Senate Business, Labor, and Technology
	Fiscal Analyst: Jessika Shipley (303-866-3528)

BILL TOPIC: STATEWIDE INTERNET PORTAL AUTHORITY REPORTS TO GA

Summary of Legislation

Under current law, the Statewide Internet Portal Authority (SIPA) is required to report to the business committees of the House and Senate and the Joint Budget Committee (JBC) by November 1 of each year regarding:

- the total amount of charges or fees imposed by each state agency for accessing electronic information, products, and services through the statewide internet portal in the preceding fiscal year; and
- the total amount of receipts and revenue derived by SIPA from such transactions for the preceding fiscal year.

Additionally, SIPA is required to submit a written annual report by November 1 of each year, although state law is silent about to whom the report must be submitted. This annual report contains a complete and detailed operating and financial statement of SIPA during the preceding fiscal year.

This bill, **recommended by the Joint Technology Committee (JTC)**, combines the reporting requirements into the written report and has SIPA submit the report to the JTC, the JBC, and the business committees of the House and Senate.

Assessment

The bill combines two existing reporting requirements into one written report that is currently being created each year. It specifies to whom the report will be submitted. It does not increase or decrease the workload of SIPA, which is an independent political subdivision of the state, but not an agency of state government. As such, it will not affect state or local revenues or expenditures, and is assessed as having no fiscal impact.

Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.
