"(2) The general assembly further finds and declares that the capital development committee approved, by letter dated March 6, 2014, that the department of public safety purchase an existing lab facility in lieu of renovating capitol complex leased space for use as additional testing labs to comply with House Bill 13-1020 for the Colorado bureau of investigation in Denver. The capital development committee found that this option would ensure there is sufficient space to meet the need for additional DNA lab setups to comply with House Bill 13-1020 and to accommodate the future forensic needs of the department. The capital development committee also found that this will allow the department of public safety to relocate other work units within the department from commercial leased space in Denver to the capitol complex buildings, resulting in lease savings. The joint budget committee and the general assembly supported the capital development committee's findings by appropriating \$7.2 million to the department of public safety for the purchase of the building, some minor renovations, and the purchase of needed equipment in House Bill 14-1336. It is thus appropriate to grant the department of public safety the authority to purchase the building as approved by the general assembly.

**SECTION 2. Department of public safety authority to acquire real property.** (1) The state of Colorado, acting by and through the department of public safety, is authorized to purchase real property located in Jefferson county in the Marshall Office Park 2 in the city of Arvada, the legal description of which is Lot 1 B Sigman Industrial Park Minor Subdivision 2nd amendment, Jefferson county, for the Colorado bureau of investigation's regional Denver forensic laboratory.

(2) The department of public safety must seek approval prior to closing from the office of state planning and budgeting and the capital development committee for any material changes to the plan that may become necessary during the negotiation.

(3) Any renovation of the real property must be completed by following the requirements set forth in articles 91 to 93 of title 24, Colorado Revised Statutes.

(4) The real property may not be subject to any restrictive covenants, contracts, or zoning requirements that restrict public access to the property or restrict any alternative state use of the property.

(5) The state controller may not enter into any agreement for a payment in lieu of property taxes from which the state is statutorily exempt under section 39-3-124 (1), Colorado Revised Statutes.

(6) The state controller must approve all agreements relating to the purchase of the real property prior to closing.
