How to use Rankings

This page shows how the places you have picked rank among their peers.

Click a column heading to change the sort order. Browse for a different indicator with the "Choose data to show" box. Type a different place name at the top to find it in the list. Use "Modify Rankings" to change what is ranked.

Click a place name to see the Area Overview about that place.

Choose data to show

You can select data to display here using one of these three methods:

Pick from this list

Search for an indicator

Browse by topic
