To: The Colorado Legislature

From: CCA President Steven L. Schuster, DC

Re: SB 167

The Colorado Chiropractic Association wishes to thank Rico Munn and his excellent staff at the Department of Regulatory Agencies, Rep. Kefalas, Senator Boyd, and all the others who worked on the Colorado Chiropractic practice act.

This practice act has provided for reforms in areas such as animal chiropractic. There are other issues that we expect to work on with allied health providers in the months ahead to see if we can reach a consensus.

Many doctors of chiropractic worked hard on this and we will continue to be part of the process going forward. Our primary goal at the Colorado Chiropractic Association is to protect the public and provide quality health care in our practice area.

Thank you.
