JBC Staff Concurrence with Legislative Council Staff Fiscal Note

Concurs **Does Not Concur** **Updated Analysis**

Amendments/Appropriation Status

The bill requires but does not contain an appropriation clause. Staff has prepared amendment **J.001** (attached) to add a provision appropriating \$37,630 federal funds to the Department of Revenue for FY 2009-10. The funds shall be from moneys the Governor's Energy Office receives from the U.S. Department of Energy.

The Department of Revenue does not require an appropriation of \$6,650 cash funds from the Highway Users Tax Fund, for the programming costs as identified in the Legislative Council revised fiscal note dated March 2, 2009 because the Long Bill includes an appropriation for the Department of Revenue to implement legislation that requires computer programming hours. Programming costs in the Department of Revenue to implement session legislation will be shown in a Long Bill line item titled "Programming Costs for 2009 Session Legislation."
