102 **A CHANGE OF POINT OF WATER DIVERSION.**

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://www.leg.state.co.us/billsummaries>.)

A statute enacted in 1881 allows the owner of a ditch to relocate the ditch's headgate if changes to the stream prevent the headgate from effectuating the diversion. The "Water Right Determination and Administration Act of 1969" (1969 act) requires changes of water rights, including changes of points of diversion, to be adjudicated. The 1969 act

does not exempt changes authorized by the 1881 act. The bill clarifies that a water right owner may relocate a ditch headgate pursuant to the 1881 act without filing for a change of water right under the 1969 act if the relocation does not physically interfere with the complete use or enjoyment of other water rights.
