Reason: Submission of Yes/No Initiative

Comments: To Change Voting for Candidates For Elected Office To Answering The Question "Should This Candidate, Candidate's Name, Hold This Elected Office?" Yes or No

This change to Title 1 Elections allows every voter to vote "yes or no" for every candidate seeking an elected office. A yes vote counts as +1, a no vote counts as -1, and not casting a vote counts as 0. The numerical value: are summed for each candidate for a net vote count. The winner of the office is the candidate with the greatest summed numerical value.

There is a compelling state interest in encouraging increased voter participation and the yes/no initiative promotes this interest.
