Resolution Summary

(Note: This summary applies to this resolution as introduced and does not necessarily reflect any amendments that may be subsequently adopted.)

Establishes the minimum number of signatures of registered electors required for a proposed initiative, which is currently equal to 5% of the votes cast in the previous election for secretary of state, to be as follows:

- ! For a proposed initiated statute, 4% of the votes cast in the previous election for the office of governor; and
- ! For a proposed initiated amendment to the constitution, 6% of the votes cast in the previous election for the office of governor.

Requires a minimum number of signatures on an initiative petition to amend the state constitution to be gathered from residents in each congressional district in the state, which amount is equal to 70% of the minimum number of the total signatures required for such petition divided by the number of the United States congressional districts in Colorado.

Requires an initiative petition for an amendment to the constitution to be addressed to and filed with the secretary of state at least 7 months before the general or odd-year election at which it is to be voted upon, instead of 3 months as currently required.

Requires a 2/3 vote of all members elected to each house of the general assembly to repeal or amend an initiated statute for a period of 6 years after passage of the statute.
