State Transfers or Diversions Diversion from the Unemployment Compensation Trust Fund to the Employment and Training Technology Fund	(\$9,300,000)	(\$9,500,000)
State Expenditures Cash Funds Employment and Training Technology Fund	\$9,300,000	\$9,500,000
FTE Position Change	0.0 FTE	0.0 FTE
Effective Date: July 1, 2009.		
Appropriation Summary for FY 2009-2010: None required.		
Local Government Impact: None.		

The fiscal note is revised to reflect amendments adopted in the Senate Business, Labor and Technology Committee on January 26, 2009. The revision is shown in bold.

Summary of Legislation

This bill creates the Employment and Training Technology (Technology) Fund for automation initiatives at the Department of Labor and Employment. It diverts 20 percent of employer surcharge taxes to the Technology Fund which reduces to 30 percent the amount of taxes deposited into the Unemployment Compensation Trust (Trust) Fund. **The executive director may transfer money to the Trust Fund from the Technology Fund at any time but if the balance of the Trust Fund falls below \$25 million, the executive director is required to transfer money to the Trust Fund from the Technology Fund.** Moneys in the Technology Fund are subject to annual appropriation by the General Assembly and do not revert to the General Fund or any other fund at the end of any fiscal year. The moneys in the Technology Fund are not subject to the statutory limit on uncommitted reserve funds.

Background

The Technology Fund is proposed as a savings account for future department technology projects. An audit of the department's existing technology resources determined that the department needs \$75 million to pay for the replacement of its aging computer systems. The department will not have the authority to spend the money in the fund until it goes through the normal planning and approval process with the Office of Information Technology and the General Assembly approves the spending.

State Transfers or Diversions

Approximately \$9.3 million of surcharge tax revenue will be diverted from the Trust Fund to the Technology Fund in FY 2009-10 and approximately \$9.5 million will be diverted in FY 2010-11. The actual amount of the diversion will depend on the amount of taxes collected.

State Revenue

This bill does not increase revenue from the employer surcharge tax but changes the allocation of the taxes received. The fiscal note assumes that the interest rate earned on both funds will be the same so the decrease in interest on the Trust Fund will match the interest earned on the Technology Fund yielding no net change.

State Expenditures

The diversions from the Trust Fund of \$9,300,000 in FY 2009-10 and \$9,500,000 in FY 2010-11 to the Technology Fund will not be expended in FY 2009-10.
