None.

**JBC Staff Concurrence with Legislative Council Staff Fiscal Note**

**Concurs**                       **Does Not Concur**                       **Updated Analysis**

**Amendments/Appropriation Status**

The bill neither requires nor contains an appropriation clause for FY 2010-11.

The Department of Revenue does not require an appropriation of \$34,601 General Fund for computer programming costs as identified in the Legislative Council Staff Revised Fiscal Note dated April 13, 2010, because the Long Bill includes an appropriation for the Department of Revenue to implement legislation that requires computer programming hours. Programming costs for the Department of Revenue to implement legislation are shown in the Long Bill line item titled "Programming Costs for 2010 Session Legislation."

**Bill Sponsor Amendments**

Staff is not aware of any sponsor amendments to be offered.

**Points to Consider**

As identified in the Legislative Council Staff Revised Fiscal Note, State expenditures to support the School Finance Act to backfill the loss of Specific Ownership Tax (SOT) may be affected. The Fiscal Note expects the SOT to be reduced slightly, which will increase the amount of General Fund or State Education Fund moneys required to backfill the loss of local school revenues beginning in FY 2011-12. The fiscal impact is expected to be minimal.
