HOUSE  
3rd Reading Unam ended  
February 19, 2010

Current law dictates the fee a county sheriff may charge for the service of process in noncriminal actions. The sheriff must refund a portion of this fee if the sheriff is unable to serve the process. The bill eliminates the refund and allows the sheriff to charge the same fee for service of process whether actually served or not.

Dashes through the words indicate deletions from existing statute.*

The bill also allows county sheriffs to implement a zone- or zip code-based mileage structure, which would allow sheriffs to charge a flat rate for any service of process within a specified zone or zip code.

Finally, for service of multiple papers on one person, or on different persons at the same place of service for the same action, the bill eliminates the prohibition on constructive mileage and instead allows the sheriff to charge the standard rate for the first service of process and \$10 for each additional service of process.
