Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://www.leg.state.co.us/billssummaries>.)

Sunset Process - House Business Affairs and Labor Committee. The bill implements the recommendations of the department of regulatory agencies in its sunset review of the functions of the division of insurance (division) related to the regulation of property and casualty, automobile, and any other entity or function that does not offer health or life insurance, as follows:

Sections 1, 2, and 3 of the bill continue the functions of the division related to the regulation of property and casualty, automobile, and any other entity or function that does not offer health or life insurance for 7 years, until July 1, 2017.

Sections 1, 2, and 3 of the bill repeal the current sunset review schedule related to the other functions of the division and consolidate the sunset review of the entire division, except for its functions related to the licensing of bail bonding agents, with a new sunset repeal date of July 1, 2017.

Section 4 of the bill establishes the following acts, practices, or omissions as unfair or deceptive acts or practices in the business of insurance:

- ! Knowingly making any false entry of a material fact in any book, report, or statement of any insurer;
- ! Knowingly omitting or failing to make a true entry of a material fact pertaining to the business of the insurer in any book, report, or statement of the insurer; and
- ! Knowingly making any false material statement to the commissioner of insurance (commissioner) or any employee or agent of the division.

Section 5 of the bill establishes the following practices as unfair discrimination in the business of insurance:

- ! Differential treatment of individuals of the same class and essentially the same hazard in the amount of premium, policy fees, or rates charged for health insurance, in the benefits payable under a health insurance policy, in the terms or conditions of the policy, or in any other manner; and
- ! Differential treatment of individuals of the same class or risks and essentially the same hazard by refusing to insure

or renew, or canceling or limiting the amount of coverage under, a policy of property or casualty insurance solely based on the geographical location of the risk, absent sound underwriting and actuarial justification.

Section 6 of the bill repeals an outdated statutory requirement mandating insurers to publish a synopsis of their annual financial reports in a newspaper of general circulation.

Section 7 of the bill allows the commissioner to make available to the public the final results of insurer self-audits and other division analyses of insurers that do not constitute formal market conduct examinations of the insurer.

Section 8 of the bill repeals the statutory authorization for the formation of employers' mutual liability companies and self-insurance pools for the purpose of providing coverages such as workers' compensation coverage.

Section 9 of the bill allows, rather than mandates, the commissioner to rely on the advice and assistance of an association of insurance brokers to carry out the purposes of the "Nonadmitted Insurance Act".

Current law allows the commissioner to perform examinations of the books, records, and accounts of licensed preneed funeral contract sellers but limits the commissioner's ability to perform such examinations to not more than once a year, unless good cause is shown. **Section 10** of the bill requires, rather than permits, the commissioner to perform examinations of the books, records, and accounts of each licensed preneed funeral contract seller at least once every 5 years and allows the commissioner to conduct such examinations more often as deemed necessary by the commissioner.

Section 11 of the bill repeals the medical malpractice insurance joint underwriting association.

Section 12 of the bill repeals the commercial liability insurance joint underwriting association.

Section 13 of the bill reconciles the number of days allowed until a protested motor vehicle policy change is effective. Under current law, when the commissioner dismisses a protest to an insurer's proposed changes to a policy without first conducting a hearing, the proposed changes cannot take effect for 15 days after notice of the dismissal. Alternatively, current law establishes a 20-day delay for the effectiveness of a proposed change when the commissioner conducts a hearing and finds that the proposed change is justified. Section 13 reconciles these 2 different periods to ensure that a proposed change takes effect 20 days after notice, regardless of whether the protest was dismissed without a hearing or the proposed change was found, after a hearing, to be justified.

Sections 14 and 15 of the bill repeal obsolete provisions of law requiring Pinnacol Assurance (Pinnacol) to submit a plan to the

commissioner regarding how it intends to accumulate a surplus fund since Pinnacol has submitted the plan and has accumulated a sufficient surplus.

Sections 16 through 22 of the bill contain conforming statutory changes necessitated by the repeal of other provisions of law in section 11 of the bill.

Section 23 of the bill specifies that the bill takes effect on July 1, 2010, and **section 24** declares the act necessary for the immediate preservation of public peace, health, and safety.
