<b>State Revenue</b>		
<b>State Expenditures</b>	See State Expenditures section.	
<b>FTE Position Change</b>		
<b>Effective Date:</b> September 1, 2011, if no referendum petition is filed.		
<b>Appropriation Summary for FY 2011-2012:</b> None required.		
<b>Local Government Impact:</b> See Local Government Impact section.		

**Summary of Legislation**

The bill, as amended by the House State, Veterans, and Military Affairs Committee, requires that identification used for election-related purposes include a photograph of the individual. The bill removes several forms of identification that do not have a photograph of the individual from the list of acceptable identification.

**State Expenditures**

To implement the bill, the Department of State will revise voter registration forms and other election-related materials. The department is required to provide these forms to county clerks, voter registration drives, and other designated agencies that provide for voter registration under the National Voter Registration Act. Costs to revise, print, and distribute election materials will be absorbed within appropriations provided by the annual budget process.

**Local Government Impact**

The bill will increase the workload of county clerks. The offices of county clerks will be required to update county publications and procedures to conform with the new requirements.
