Summary of Legislation

Under current law, an overweight vehicle permit may be issued for a vehicle with a trailer or semitrailer that has a tandem or triple axle grouping and the combined vehicle weight does not exceed 97,000 pounds. Under this bill, the trailer may have two or three axles, rather than a tandem or triple axle grouping.

State Expenditures

This bill increases one-time state expenditures in FY 2011-12 by \$7,950 to make required computer system changes in the Department of Transportation. This cost will be paid from the State Highway Fund, which is continuously appropriated to the department.
