activities and that he or she meets the statutory and regulatory requirements for professional development activities. The bill creates an affidavit of completion of ongoing professional development activities that a licensee seeking renewal will submit with the renewal application. In the affidavit, the licensee affirms under oath that he or she completed the specified activities within the required time frame and that, to the best of the licensee's knowledge, the activities meet the statutory and regulatory requirements. The department is not required to verify the information in the affidavit.

Under current law, the department collects a fee from each person who seeks issuance or renewal of an educator license or endorsement. The money received as fees is annually appropriated to the department to offset the costs of issuing and renewing licenses and endorsements. Under the bill, the money received as fees is continuously appropriated to the department.

The bill exempts the renewal of educator licenses from the list of benefits for which a person must demonstrate lawful presence in the state.
