CONCERNING CHANGING THE NAME OF MESA STATE COLLEGE TO COLORADO
MESA UNIVERSITY.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) Colorado's system of higher education is one of the most efficient systems in the country;

(b) Appointed by the governor and confirmed by the senate, the governing boards of institutions of higher education in Colorado have a fiduciary responsibility to oversee the operation of colleges and universities throughout the state;

(c) With declining resources available for higher education in Colorado, institutions of higher education are expected to develop creative

and innovative solutions to remain competitive and maintain access for students;

(d) When compared with peer institutions of higher education throughout the United States, the overwhelming majority of regional comprehensive institutions that are similar in size and scope to Mesa state college are labeled as "universities";

(e) The natural maturation, expansion, growth, and evolution of Mesa state college in Grand Junction, along with the goals of eliminating confusion regarding the nature and offerings of the institution and enhancing the geographic and reputational distinctiveness of its name, warrant a name change for the institution;

(f) Changing the name of an institution steeped in tradition and history requires deliberate outreach and engagement to develop support and agreement among affected constituents;

(g) Mesa state college has conducted extensive outreach to its constituent community, and its governing board has recommended that its name be changed;

(h) Any resources required to change the names of the institution will not be derived from state general funds allocated to the institution; and

(i) Given the lack of alignment of the general assembly's schedule and that of institutional recruiting cycles, failure to act on a name change proposal in this legislative session could postpone name change implementation by as much as two years.
