members of the district accountability committee in creating, adopting, and implementing the policy. A district board may choose from several programs or strategies, but, at a minimum, the policy must ensure that, if a school performs at improvement plan or lower status, parents receive notice of the type of plan the school must adopt and have an opportunity to review and comment on the plan at a public hearing. The district board annually will review and revise the policy as necessary.

Each school of the school district will adopt a school parent involvement policy that implements the district policy. The principal of the school must work with the parent members of the school accountability committee in creating and implementing the policy, and the principal annually will review and revise the policy as necessary.

Each parent involvement policy and all communications between a school and parents are to be written in plain, easily understood language and provided in a language the parents understand, if practicable. Upon final adoption of the parent involvement policy, the school district must publicize it to the employees of the school district and to the parents of students enrolled in the school district.

If a school of the school district is required to adopt an improvement, priority improvement, or turnaround plan, the principal or the district board must notify parents of the requirement to adopt the plan and the timeline for developing and adopting the plan. Prior to finally adopting the plan, the district board must hold a public hearing to review the plan. So long as a school of the school district continues to operate under an improvement, priority improvement, or turnaround plan, the district board must hold an annual public meeting to discuss the school's plan and progress.

Each district board may solicit and accept public or private gifts, grants, or donations to implement the parent involvement programs created by the policy.

The state charter school institute (institute) must adopt a comparable parent involvement policy for institute charter schools and comply with the notice and public hearing requirements for institute charter schools that implement improvement, priority improvement, or turnaround plans. Each institute charter school must adopt a parent involvement policy that implements the institute policy. The institute may solicit, accept, and expend public or private gifts, grants, or donations to implement the parent involvement programs created by the policy.

The bill makes conforming amendments.
