For property tax years commencing on or after January 1, 2011, the bill:

- ! Allows a nonprofit housing provider (provider) to claim the property tax exemption for property used for strictly charitable purposes for a maximum of 5 consecutive property tax years for property upon which the provider intends to construct or rehabilitate housing to be sold to low-income applicants, regardless of whether or not there is actual physical use of the property;
- ! Allows the state property tax administrator to consider indicators of intent that show off-site progress towards construction or rehabilitation of housing on the property in determining whether a provider satisfies the intent requirement; and
- ! Requires a provider that is allowed an exemption for any property tax year and that subsequently sells, donates, or leases the property to any person other than a low-income applicant who has assisted in the construction of housing for the applicant's residential use on the property to pay all property taxes that the provider did not previously pay due to the exemption.
