that governs the location in which the person is traveling, rounded up to the nearest whole dollar, as determined by the United States general services administration, as of October 1 of the calendar year immediately preceding the fiscal year in which the per diem rate is to be used. If the state-chartered entity expends moneys on travel-related expenses on behalf of a covered person in excess of the amount authorized by this section, the bill requires the covered person to reimburse the fund of the state-chartered entity for the entire sum in excess of the authorized amount.

The bill also prohibits a state-chartered entity from making travel-related expenditures on behalf of the spouse or a member of the immediate family of a covered person. In the event a state-chartered entity makes travel-related expenditures on behalf of the spouse or a member of the immediate family of a covered person, the covered person is required to reimburse the fund of the state-chartered entity for the entire sum spent by the entity on such expenditures.

The bill authorizes any person who believes that a violation of its terms has occurred to file a complaint with the secretary of state. The bill establishes procedures for the adjudication of the complaint. The bill establishes penalties for a violation of its terms, including an order directing the covered person, or the spouse or a member of the immediate family of a covered person, as applicable, on whose behalf illegal travel-related expenditures were made to reimburse the fund of the state-chartered entity for some or all of the expenditures in accordance with the requirements of the bill.
