**2010-11 budget balancing bill. Section 1** of the bill repeals and reenacts the statute related to the distribution of 50% of the balance remaining in the limited gaming fund that is allocated to the state general fund or such other fund as the general assembly provides as specified in section 9 (5) (b) (II) of article XVIII of the state constitution.

The effects and intentions of the repeal and reenactment are:

! To remove certain triggers and exceptions related to the distributions for the Colorado travel and tourism promotion fund, creative industries cash fund, new jobs incentives cash fund, and innovative higher education research fund;

! To remove and update several obsolete provisions;

! That former recipients of moneys, such as the clean energy fund and the state highway fund, are no longer listed in the statute; and

! To move statutory language for clarity and organization.

While the recipients of the available moneys are not different from the 2010-11 state fiscal year, the amount of those distributions is changed.

**Sections 2 to 11** make conforming amendments.
