TITLE: CONCERNING THE USE OF A VIDEO DISPLAY IN A MOTOR VEHICLE THAT IS BEING OPERATED ON A ROADWAY.

Summary of Legislation

This bill allows video displays in any location of a moving motor vehicle, so long as the display is not visible to the driver. Under current law, video screens are prohibited at any point forward of the back of the drivers' seat.

This bill becomes effective upon the signature of the Governor, or upon becoming law without his signature.

State Revenue and Expenditures

This bill is assessed as having no fiscal impact. There are only about 12 cases with a conviction to this charge per fiscal year. While the bill allows certain behavior that was previously prohibited, it also broadens the content that may not be viewable. These changes together will cancel one another out.
