Bill Summary

*(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://www.leg.state.co.us/billsummaries>.)*

The bill amends the "Public School Finance Act of 1994" (act) to modify the funding for public schools from kindergarten through the twelfth grade for the 2012-13 budget year and, in some circumstances, for budget years thereafter, as follows:

**Statewide base per pupil funding.** For the 2012-13 budget year,

Shading denotes HOUSE amendment. Double underlining denotes SENATE amendment.  
*Capital letters indicate new material to be added to existing statute.*  
*Dashes through the words indicate deletions from existing statute.*

the statewide base per pupil funding is increased to \$5,843.26 to account for a 3.7% inflation rate.

**Negative factor.** During the 2010 and 2011 legislative sessions, the general assembly amended the act for the 2010-11 budget year and budget years thereafter to reduce the amount of the annual appropriation to fund the state's share of total program funding for all school districts and the funding for institute charter schools (total program funding) to assist in stabilizing the state budget. The general assembly accomplished the reduction to each district through a calculation that resulted in a factor, called the negative factor, to be applied to each district's total program funding amount in the applicable budget year.

For the 2012-13 budget year, the general assembly has determined that application of the negative factor to total program funding is necessary, but without an additional reduction in the amount of the annual appropriation to fund the state's share of total program funding. For the 2012-13 budget year, the bill increases the total program funding amount by approximately \$57,000,000 compared with the amount currently required in law to account for increases in student enrollment.

**Charter school capital construction.** Currently, \$5 million from the state education fund is annually appropriated for capital construction costs for all eligible districts and for all eligible institute charter schools. For the 2012-13 budget year and each budget year thereafter, the appropriation from the state education fund for charter school capital construction costs is increased to \$6 million.

In addition to the changes to the act, the bill modifies other provisions related to funding for public schools as follows:

**Supplemental on-line education services contracts.** Beginning on August 1, 2012, subject to available appropriations, the mountain board of cooperative services (BOCES) shall contract every 3 years, rather than every year, with an entity that sells supplemental on-line education courses to provide such courses to school districts, charter schools, and BOCES that choose to purchase the courses.

**Assistance for meeting state educational priorities.** Beginning in the 2012-13 fiscal year, the bill provides additional moneys for a BOCES to assist its participating school districts in implementing and meeting the state's educational priorities as determined by the commissioner of education every 3 years. To receive additional moneys, a BOCES must submit a plan to the state board of education (state board) that details how the BOCES will use the moneys to assist its participating school districts in implementing and meeting the state's educational priorities.

A BOCES may collaborate with one or more adjoining BOCES and with a school district that is contiguous to the area of the BOCES, but that is not a member of the BOCES, for the delivery of services that will assist school districts in implementing and meeting the state's educational

priorities. If a BOCES chooses not to submit a plan to the state board, the department of education will determine a method to allow one or more of the member school districts of the BOCES to submit an individual plan to the state board and to receive moneys to assist the district in implementing and meeting the state's educational priorities.

The bill appropriates \$1,300,000 from the state education fund to assist school districts in implementing and meeting the state's educational priorities and specifies how the department of education is required to distribute the moneys.

**Children with disabilities.** The definition of "children with disabilities" is clarified to include persons 3 through 8 years old who have been determined to be children experiencing developmental delays, as defined in the code of federal regulations.

**Counselor corps.** The appropriation from the state education fund for the 2012-13 fiscal year is increased by \$480,000 for the school counselor corps program.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1.** In Colorado Revised Statutes, 22-54-104, **amend**  
3 **as added by House Bill 12-1201** (5) (g) (I) (C); and **add** (5) (a) (XIX) as  
4 follows:

5 **22-54-104. District total program.** (5) For purposes of the  
6 formulas used in this section:

7 (a) (XIX) FOR THE 2012-13 BUDGET YEAR, THE STATEWIDE BASE  
8 PER PUPIL FUNDING IS \$5,843.26, WHICH IS AN AMOUNT EQUAL TO  
9 \$5,634.77 SUPPLEMENTED BY \$208.49 TO ACCOUNT FOR INFLATION.

10 (g) (I) For the 2010-11 budget year and each budget year  
11 thereafter, the general assembly determines that stabilization of the state  
12 budget requires a reduction in the amount of the annual appropriation to  
13 fund the state's share of total program funding for all districts and the  
14 funding for institute charter schools. The department of education shall  
15 implement the reduction in total program funding through the application  
16 of a negative factor as provided in this paragraph (g). For the 2010-11

1 budget year and each budget year thereafter, the department of education  
2 and the staff of the legislative council shall determine, based on budget  
3 projections, the amount of such reduction to ensure the following:

4 (C) That, for the 2012-13 budget year, the sum of the total  
5 program funding for all districts, including the funding for institute  
6 charter schools, after application of the negative factor, is not less than  
7 ~~five billion two hundred twenty-nine million five hundred sixty thousand~~  
8 ~~three hundred forty-six dollars (\$5,229,560,346)~~ FIVE BILLION TWO  
9 HUNDRED EIGHTY-SIX MILLION EIGHT HUNDRED NINETY-EIGHT THOUSAND  
10 THREE HUNDRED EIGHTY-TWO DOLLARS (\$5,286,898,382); except that the  
11 department of education and the staff of the legislative council shall make  
12 mid-year revisions to replace projections with actual figures including,  
13 but not limited to, actual pupil enrollment, assessed valuations, and  
14 specific ownership tax revenue from the prior year, to determine any  
15 necessary changes in the amount of the reduction to maintain a total  
16 program funding amount for the 2012-13 budget year that is consistent  
17 with this sub-subparagraph (C).

18 **SECTION 2.** In Colorado Revised Statutes, 22-54-124, **amend**  
19 (3) (a) (III) (A) as follows:

21 **fund moneys - definitions.** (3) (a) (III) (A) The total amount of state  
22 education fund moneys to be appropriated for all eligible districts and for  
23 all eligible institute charter schools for the 2003-04 ~~2004-05, 2005-06,~~  
24 ~~and 2007-08 budget years and each budget year thereafter~~ THROUGH  
25 2011-12 BUDGET YEARS shall be an amount equal to five million dollars;  
26 EXCEPT THAT, for the 2006-07 budget year, ~~seven~~ AN ADDITIONAL TWO  
27 million eight hundred thousand dollars shall be appropriated for all

1 ~~eligible districts and for all eligible institute charter schools from the state~~

3 FOR THE PURPOSES OF THIS SECTION, AND for the 2008-09 budget year, an  
4 additional one hundred thirty-five thousand dollars shall be appropriated  
5 from the state education fund and shall be distributed pursuant to section  
6 22-54-133, as said section existed prior to its repeal in 2010. THE TOTAL  
7 AMOUNT OF STATE EDUCATION FUND MONEYS TO BE APPROPRIATED FOR

9 SCHOOLS FOR THE 2012-13 BUDGET YEAR AND EACH BUDGET YEAR  
10 THEREAFTER IS SIX MILLION DOLLARS.
