Statewide base per pupil funding. For the 2012-13 budget year, the statewide base per pupil funding is increased to \$5,843.26 to account for a 3.7% inflation rate.

Negative factor. During the 2010 and 2011 legislative sessions, the general assembly amended the act for the 2010-11 budget year and budget years thereafter to reduce the amount of the annual appropriation to fund the state's share of total program funding for all school districts and the funding for institute charter schools (total program funding) to assist in stabilizing the state budget. The general assembly accomplished the reduction to each district through a calculation that resulted in a factor, called the negative factor, to be applied to each district's total program funding amount in the applicable budget year.

For the 2012-13 budget year, the general assembly has determined that application of the negative factor to total program funding is necessary, but without an additional reduction in the amount of the annual appropriation to fund the state's share of total program funding. For the 2012-13 budget year, the bill increases the total program funding amount by approximately \$57,000,000 compared with the amount currently required in law to account for increases in student enrollment.

Charter school capital construction. Currently, \$5 million from the state education fund is annually appropriated for capital construction costs for all eligible districts and for all eligible institute charter schools. For the 2012-13 budget year and each budget year thereafter, the appropriation from the state education fund for charter school capital construction costs is increased to \$6 million.

In addition to the changes to the act, the bill modifies other provisions related to funding for public schools as follows:

Supplemental on-line education services contracts. Beginning on August 1, 2012, subject to available appropriations, the mountain board of cooperative services (BOCES) shall contract every 3 years, rather than every year, with an entity that sells supplemental on-line education courses to provide such courses to school districts, charter schools, and BOCES that choose to purchase the courses.

Assistance for meeting state educational priorities. Beginning in the 2012-13 fiscal year, the bill provides additional moneys for a BOCES to assist its participating school districts in implementing and meeting the state's educational priorities as determined by the commissioner of education every 3 years. To receive additional moneys, a BOCES must submit a plan to the state board of education (state board) that details how the BOCES will use the moneys to assist its participating school districts in implementing and meeting the state's educational priorities.

A BOCES may collaborate with one or more adjoining BOCES and with a school district that is contiguous to the area of the BOCES, but that is not a member of the BOCES, for the delivery of services that will

assist school districts in implementing and meeting the state's educational priorities. If a BOCES chooses not to submit a plan to the state board, the department of education will determine a method to allow one or more of the member school districts of the BOCES to submit an individual plan to the state board and to receive moneys to assist the district in implementing and meeting the state's educational priorities.

The bill appropriates \$1,300,000 from the state education fund to assist school districts in implementing and meeting the state's educational priorities and specifies how the department of education is required to distribute the moneys.

Children with disabilities. The definition of "children with disabilities" is clarified to include persons 3 through 8 years old who have been determined to be children experiencing developmental delays, as defined in the code of federal regulations.

Counselor corps. The appropriation from the state education fund for the 2012-13 fiscal year is increased by \$480,000 for the school counselor corps program.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1.** In Colorado Revised Statutes, 22-54-104, **amend**
3 **as added by House Bill 12-1201** (5) (g) (I) (C); and **add** (5) (a) (XIX) as
4 follows:

5 **22-54-104. District total program.** (5) For purposes of the
6 formulas used in this section:

7 (a) (XIX) FOR THE 2012-13 BUDGET YEAR, THE STATEWIDE BASE
8 PER PUPIL FUNDING IS \$5,843.26, WHICH IS AN AMOUNT EQUAL TO
9 \$5,634.77 SUPPLEMENTED BY \$208.49 TO ACCOUNT FOR INFLATION.

10 (g) (I) For the 2010-11 budget year and each budget year
11 thereafter, the general assembly determines that stabilization of the state
12 budget requires a reduction in the amount of the annual appropriation to
13 fund the state's share of total program funding for all districts and the
14 funding for institute charter schools. The department of education shall
15 implement the reduction in total program funding through the application
16 of a negative factor as provided in this paragraph (g). For the 2010-11

1 budget year and each budget year thereafter, the department of education
2 and the staff of the legislative council shall determine, based on budget
3 projections, the amount of such reduction to ensure the following:

4 (C) That, for the 2012-13 budget year, the sum of the total
5 program funding for all districts, including the funding for institute
6 charter schools, after application of the negative factor, is not less than
7 ~~five billion two hundred twenty-nine million five hundred sixty thousand~~
8 ~~three hundred forty-six dollars (\$5,229,560,346)~~ FIVE BILLION TWO
9 HUNDRED EIGHTY-SIX MILLION EIGHT HUNDRED NINETY-EIGHT THOUSAND
10 THREE HUNDRED EIGHTY-TWO DOLLARS (\$5,286,898,382); except that the
11 department of education and the staff of the legislative council shall make
12 mid-year revisions to replace projections with actual figures including,
13 but not limited to, actual pupil enrollment, assessed valuations, and
14 specific ownership tax revenue from the prior year, to determine any
15 necessary changes in the amount of the reduction to maintain a total
16 program funding amount for the 2012-13 budget year that is consistent
17 with this sub-subparagraph (C).

18 **SECTION 2.** In Colorado Revised Statutes, 22-54-124, **amend**
19 (3) (a) (III) (A) as follows:

22 education fund moneys to be appropriated for all eligible districts and for
23 all eligible institute charter schools for the 2003-04 ~~2004-05, 2005-06,~~
24 ~~and 2007-08 budget years and each budget year thereafter~~ THROUGH
25 2011-12 BUDGET YEARS shall be an amount equal to five million dollars;
26 EXCEPT THAT, for the 2006-07 budget year, ~~seven~~ AN ADDITIONAL TWO
27 million eight hundred thousand dollars shall be appropriated for all

1 ~~eligible districts and for all eligible institute charter schools from the state~~

4 additional one hundred thirty-five thousand dollars shall be appropriated
5 from the state education fund and shall be distributed pursuant to section
6 22-54-133, as said section existed prior to its repeal in 2010. THE TOTAL

10 THEREAFTER IS SIX MILLION DOLLARS.
