SENATE
Amended 2nd Reading
April 30, 2012

Under current law, the Colorado housing and finance authority may issue unemployment revenue bonds for the unemployment compensation fund. The bill makes the following changes to current law:

- ! Makes the unemployment insurance laws consistent with those of the Colorado housing and finance authority with respect to the issuance of unemployment revenue bonds by either the unemployment compensation section or the Colorado housing and finance authority.
- ! Authorizes the deposit of all or any portion of bond assessments paid by employers for principal of the bonds into the unemployment compensation fund prior to being transferred to the Colorado housing and finance authority. This allows these payments to count toward improving the experience rating of employers.
- ! Authorizes the assessment of interest and other bond costs through the employment support fund and requires the transfer of these assessments to the Colorado housing and finance authority for the payment of interest and other costs associated with the bonds.

In order to facilitate the issuance of unemployment revenue bonds, the bill accelerates the date for the creation of the division of unemployment insurance by adding an effective date of June 1, 2012, to House Bill 12-1120 and placing a safety clause on that bill.
