under a home- and community-based waiver. The bill establishes a new grant program (program) in the department of human services (department) to provide to certain individuals with developmental disabilities receiving benefits under either the home- and community-based supported living services or the children's extensive support waiver a home care allowance benefit consistent with benefits received by persons under the home care allowance program. It authorizes the state board of human services to adopt rules to implement the program.

The bill directs the department to submit a written report to certain committees of the general assembly on the program and to solicit feedback from individuals receiving grants under the program and from their families.

The program is repealed, effective July 1, 2017, unless extended by the general assembly.
